## HELP WANTED

The main income of our flying club in the Hobby Swap Shop and Auction coming up in February. Bob Grashel has run the Swap Shop for a number of years and has done a great job. At the meeting on Tuesday Bob needs help folding and stamping flyers to be mailed. Again this is the clubs main source of income.

Thanks in advance to everyone that shows up and helps.

END OF DECEMBER**

### MESSAGE FROM THE TREASURER

Bob Ketner

I would like to thank all the members for their support this year. The swap shop was a great success last year. Members going the extra mile in mowing and donations have helped the Club keep dues the same this year.

If anybody has any ideas or would like to help with the web site let Phil or me know. We still have a few people to renew this month. The form is on the web site. <http://lrcctohio.com>

### MEETING IS NEXT TUESDAY

7:30 at the First United Methodist Church.

### HOBBY SWAP SHOP AND AUCTION

The clubs Hobby Swap Shop and Auction will be held on February 7. This would be a great time to pick up planes and flight gear.

Bill Riley is donating an Extra 300, approximately 80" wing span, with Quadra 50 motor. Asking price is \$300.

There will also be a raffle for a Quad Copter.

Please come early and help set up. More information in the January Newsletter

## CLUB WEB SITE

The club has a new web site. The address is:

lcrccohio.com

The web site is under construction but it has all the current information. If you have anything to add to the web site please contact to Bob Ketner or myself. We are looking for pictures, videos or other club associated material

Members will need a password to access the member's only portion of the web site. E-mail Bob Ketner to get the password.

### Smithsonian Air and Space Museum Annex at Dulles Airport

I received the following note from Bob Grashel:

“My son and I were at the Smithsonian Air and Space Museum Annex at Dulles Airport on Dec 10, 2014. Very impressive!”

Please remember the Dayton area has the Air Force Museum, WACO Museum and the Wright Brothers Museum. A lot of good times for the air plane buffs out there.
