MEETINGS MOVING TO THURSDAY NIGHT AT THE CHURCH

This months meeting and the meetings until May will be held at the First United Methodist Church at 88 N Fifth Street in Newark. The meetings will be Thursday night and will start at 7:30.

This months meeting will be this THURSDAY at 7:30 at the church.

WELCOME BACK MIKE

Mike King has returned to the club. For those of you who do not know Mike, he is the one that flies the helicopter and when I say he flies I mean he flies.

Mike is also the first person to pay his 2018 membership dues.

Say HI to Mike when you see him at the field.

FIELD CHANGES

The club is increasing the size of the safety zone at the field. This accomplishes a couple things. First the larger safety zone will prevent planes from going from the field to the observation area.

Sense the short grass is mowed twice a week and the long grass is mowed one a week it will cut down on the mowing.

AUSTIN SOLOS

Austin took his first training on Friday and like all first time pilots he was all over the place. But after a little time and practice he was going straight and true. Obviously we are not talking about flying because Austin is already a good pilot. We are talking about mowing and driving the zero turn.

CLUB WEB SITE

The club has a new web site. The address is:

lrcchoio.com

Checkout the Licking County Radio Control Club on Facebook.
