President's Message

Our first fun fly of the year is in the books. We had a good turnout, although it was a bit windy. Chef Jim prepared Al's Meat Market brats that were delicious, and Andrea made some homemade cupcakes with airplane accents. And they tasted like they came from a premium bakery.

The field is looking great and we have enough mowers on the crew to lighten the load for everyone. Thanks to everyone who volunteered this year! This year was the first in many that we did not hold an annual cleanup day. And that's a good thing. Every major maintenance item has been completed in the last few years. There are still a few minor items to complete, but don't require a full work crew.

All 6 of the new flight stands are welded and undergoing the final touch ups before going to paint. Scott has taken the lead on procuring and cutting the decking material. It's been a long process, but I believe the results will be worth it!

And finally I want to thank all of the volunteers for attending the YAA (Youth Aviation Adventure) at Don Scott field earlier this month. As part of our public outreach we continue to participate in public events to promote model aviation. Stay tuned for updates on our club attending the Columbus airshow, and the Ohio State Fair this year!

May Fun Fly

The new flight stands

THANK YOU TO OUR MOWING CREW!

We want to extend a heartfelt thanks to all the volunteers who are taking the time and effort to mow the field and parking area. Your hard work keeps our flying site safe, accessible, and looking great. It's because of dedicated members like you that our club continues to thrive. The club wouldn't be the same (or nearly as well-groomed) without you!

Pre-Flight Chuckles

A vulture walks into an airplane with a rotting corpse.
The flight attendant screams, "You can't bring that on this plane!"
The vulture says, "Why? It's just my carrion."

Required Reading

All LCRCC members are required to have an AMA membership. In addition, an FAA registration number, and a TRUST certificate are needed. You should have all of these documents with you when flying at the field.

AC 91-57C states:

2.2.7.2 The proof of test passage may be in any format (e.g., paper or electronic) so long as it is readily accessible, legible, and can be presented to the Administrator or law enforcement upon request.

2.2.8.2 The owner of a small UA weighing more than 0.55 pounds (250 grams) that will be flown exclusively in limited recreational operations may obtain a single registration number for multiple UA by registering under part 48.

FAA TRUST TEST: <https://trust.modelaircraft.org/>

FAA DRONE RENEWAL: <https://faadronezone.faa.gov/>

All members should also read the AMA Member Safety Program Handbook:
<https://www.modelaircraft.org/sites/default/files/documents/100.pdf>
